### **American Integrated Security Group Opens Dallas Office to serve Texas Customer Base** *Organic Growth Brings the Total Number of AISG Offices to Seven in North America*

College Point, NY – February 4, 2016 – American Integrated Security Group (AISG), North America’s fastest growing full service security systems integrator, is proud to announce the opening of a new office in Richardson, TX, a suburb of Dallas, TX, for the convenience of the growing customer base in the state of Texas. The new addition brings the total number of AISG offices to seven locations throughout the United States.

AISG’s Dallas office allows AISG to meet increasing demand for security solutions and services in Texas. AISG Regional Project Manager, Michael Arnold, is named to head the new office. Arnold is an experienced member of the AISG team, having worked over three years nationwide with the AISG Solar Division and AISG Data Center Group. His success at AISG builds upon 26 years of experience serving three years in the United States Army and ten years in Law Enforcement, as well as various management positions in the Private Sector.

“AISG is excited to be opening a new Dallas office to serve as a support center for customers in Texas,” said AISG President, Levy Acs. “Our clients in the region will be in the very capable hands of Mike Arnold.”

“The economy in Texas is booming in all major industries, including professional, business, trade, transportation, utilities, hospitality, education, health services, construction, government, financial, retail and industrial,” said Arnold. “AISG wants to help our customers in Texas deploy specialized and innovative network-based security.”

Headquartered in College Point, NY, in addition to the New York and the new Richardson, TX location, AISG has offices in West Palm Beach, FL, Medford, NJ, Monterey Park, CA, Brooklyn Heights, OH and Phoenix, AZ. The address for the Texas office is: 678 North Glenville Drive, Richardson, TX 75081.

### **About AISG**

American Integrated Security Group (AISG) is a highly regarded systems integrator delivering timely solutions for today’s security challenges. AISG specializes in the design and deployment of open platform integrated systems including IP video surveillance, access control, intrusion detection, perimeter protection and a full range of related wireless security technologies. The American Integrated Security Group’s in-house central station is a state of the art command post delivering the latest in interactive 24/7 monitoring services. Schools, hospitals, national retailers, critical infrastructure sites, and more trust AISG to deliver security solutions that exceed requirements and expectations. AISG is a valued partner to customers in a variety of vertical industries and institutional markets. Visit AISG online at [www.aisg-online.com](http://www.aisg-online.com).
